*Live PC... Lead PC*

*Celebrating 25 Years of Leadership in Summit County*

*In true form, Barbara enjoying all Park City has to offer.*

## *What's Up With Barbara Bretz (15)*

**Barbara Bretz (15)** is a familiar voice within the leadership ranks. An often-seen face in the community, and the narrator of alumni news, Barb is stepping down as author of our monthly leadership bulletin

and handing the reins over as she embarks on new adventures. We thought it prudent to dedicate this section to Barb for a glance back at what Leadership meant to her, and a look ahead to what's on the horizon. Cheers to you, Barb! Thank you for working so hard to be the communication beacon of Leadership!

**When asked what being a part of Leadership meant to her, Barb gives a nod to giving back;** "Being part of Leadership has been an honor. Through the program, I've learned more about my community and all its moving parts. It's helped me find ways to use my time and talents to give back and put so many incredible people into my orbit."

**As Class 24 celebrates the wrap of their city tour, we asked Barb about her Class 15 Tour highlights;** "The main stop on our city tour was Crested Butte. It was especially fun because Myles had worked in Crested Butte prior to moving to Park City and was beloved and very well connected there. We heard lots of great stories of "Myles back in the day" and we all felt grateful our community had managed to lure Myles and Joy away."

**Clearly, the newsletter wouldn't be what it is without Barb. We wondered what writing it has meant to her;** "Without a doubt, interviewing alumni and writing up the spotlight articles has been the most fun and eye-opening. It's no surprise we have so many interesting and accomplished people among our graduates and I've enjoyed getting to know a few more of them up close and personal."

**Looking back, Barb gave us a look at how Leadership has evolved over the years;** "I was in class 15 (2008-09). A major evolution occurred when one of my class 15 mates...Nann Worel advocated forming an alumni organization. She solicited for a core committee from various classes and eventually we got LPCA off the ground. At that same time, we began the monthly newsletter and the two have worked hand in hand for the last 6 years. Without a doubt it has kept more alumni active and connected."

**We asked Barb how she would spend her ideal day in Park City;** "As most Parkites agree.....a perfect PC day varies from season to season. As I look out my window now and see the colorful changing leaves in my Pinebrook neighborhood I lean toward an autumn day. I'd get up early and meet friends for a long hike on a blue sky day somewhere high enough to see the surrounding mountains, far away enough to be disconnected from technology and reconnect with nature and with friends. It's a wonderful thing to be healthy enough to be active and have active friends in a community that lures us out and motivates us to stay that way. Having a bubbling hot tub at home waiting for me along with a cocktail and a good book.....is icing on the cake!"

**What's Barb's next adventure? Read on;** "Locally.....the Sundance Film Festival. I really get into it, seeing close to 40 films by the end of the festival and sending out a daily film review newsletter. I co-host the KPCW Sundance Reel with Leslie one or two days interviewing actors and directors so that's always an adventure. The next international one will be spending May 2019 exploring Spain. My husband's brother lives near Malaga and with that as a base, we hope to do some day trips and extended traveling around the country. I'm already plotting routes and "must see" lists. Any advice or tips would be appreciated."

**You're handing the reins of the newsletter over to Pamela Longley (Class 20) and Tom Horton (Class 23).**

**What advice would you pass along?** "Don't lose sight of the fact, the newsletter is our most effective way of communicating to alumni. Continue to look for ways to keep alumni interested and engaged. Tom's awesome photography will be a bonus!!"

We agree on all fronts and are excited to continue the legacy of keeping our alumni up-to-date and informed on all things Leadership...and we can't wait to see some of Tom's great photos too! Cheers to you Barb, and Thank you!

### *Alumni News: Leadership Names in the News...*

At Park City Community Foundation, Katie Wright (15) and Diego Zegarra (20) are ramping up for the community's biggest nonprofit fundraiser, "Live PC, Give PC," On November 9.

The Bling Fling, a major annual fundraiser at Peace House shelter on November 2nd at Park City Community Church has Sally Tauber (6) very, very, busy.

For the Park Record's Women's Expo, Nann Worel (15) moderates a panel discussion by women candidates for political office.

Glenn Wright (15) is running for his first re-election to the Summit County Council. Chris Neville (23) is seeking election to the Utah legislature from House District 53.

See Linda Jager (9) with questions about the Park City Open Space bond election. She is the city's community engagement manager.

Rev. Charles Robinson's (12) Project for a Deeper Understanding recently tackled the medical marijuana initiative in the upcoming state election.

Founder of the Motherlode Canyon Band Dana Williams (2) shredded his last with the legendary Park City group at its 25th Anniversary and farewell performance.

Mary Beth Maziarz (21) was the show opener at The Wallflowers concert this summer in Park City.

John Kucera (23) was appointed to Summit County's Synderville Basin Planning Commission. John Kenworthy (23) was appointed to the Park City Planning Commission.

These are just a few notes about busy Leadership PC Alumni. Please email news of you or your fellow alums to Pamela Longley (20) at [pwglongley@gmail.com](mailto:pwglongley@gmail.com) or Tom Horton (23) at [thorton3041@gmail.com](mailto:thorton3041@gmail.com).

### *Class 24 City Tour Re-Cap*

*Submitted by: Felicia Sotelo (24)*

Class 24 traveled to Bozeman and Livingston, Montana and Jackson Hole, Wyoming. The class met with City official's in all three locations. Over 70 people attended City Tour including City and County Officials.

In Bozeman we learned a lot about Montana's lack of sales tax and how that effects their funding for all things. Bozeman has gotten creative in their means of getting amazing things done in their community without the type of funding we are lucky to have. Montana based Adventure Scientists (<https://www>.

[adventurescientists.org/](http://adventurescientists.org/)) are worth checking out and were very memorable - they have projects in our area! Along with Bozeman's HRDC foundation (<https://thehrdc.org/>) - a non profit that is making big changes in the community.

Livingston is a small community that is struggling with becoming a "bedroom" community of Bozeman. Their town officials met with Class 24 to discuss their growth and how they are making sure they keep uniqueness of the area. Their downtown area has been recently "revamped" and Class 24 was able to take advantage of their delicious local cuisine.

The Town of Jackson Officials were gracious enough to meet with us on a Saturday. Class 24 learned that Jackson models a lot of their ideas after our own (ebikes, electric busses, etc.). A huge standout in Jackson was Vertical Harvest (<https://www.verticalharvestjackson.com/>), a three story indoor hydroponic garden. They are doing amazing things in the Jackson area since their growing season is even shorter than ours. Several members of Class 24 were quite impressed and are looking into the process of having something similar in our area!

## *Class 24... That's a Wrap!*

*Submitted by: Sheri Fisher (24)*

What a night! There's no better way to celebrate the wrap of a Leadership Class than a party celebrating accomplishments, new friends, and to meet Leadership alumni from classes past. Christina Miller is always a gracious host and guarantees a good time is had by all! Here's what Sheri Fisher had to say about the evening:

The night's highlight was the presentation made by Leadership Class 24 about their class project. The goal of the project was to work to decrease food waste in the landfill.

Strategies to accomplish this goal were focused on creating awareness of the problem and suggesting solutions to attack it. Our thought was, if people understood the magnitude of the problem and knew several options existed to help reduce waste, they would be more likely to participate.

Activities to increase awareness that Leadership Class 24 did as part of the class project included:

- 1) hosting a table at four Park Silly Market events to collect compost waste and educate people about composting, landfill issues and the variety of residential composting services available,
- 2) helping reduce food waste at the annual Savor the Summit event,
- 3) promoting the screening of the movie, "Wasted," which was Anthony Bourdain's last film prior to his death. These activities provided venues to help with education, awareness, training and action.

Four of the Leadership 24 classmates gave a presentation to the Wrap Party participants. Sheri Fisher spoke about what we learned from a leadership perspective and expressed gratitude to be given the opportunity to participate in the Leadership program. Matt Brown gave a summary of the three main awareness-building activities of the project (Park Silly, Savor the Summit and Wasted). Peter Yogman presented research he spearheaded with the business plan committee which outlined long-term solutions to reduce food waste in the

landfill. This document has been presented to City Council and staff, and to members of County Council and County staff. Sarah Hall spoke about what she sees as the future of the efforts of the project. Following the presentation, several classmates made additional comments and alum asked questions.

Myles then presented a Power Point presentation of City Tour, complete with pictures, notes and take-aways.

We always love the perspective Myles gives on each City Tour and can't wait to see what's in store for the Silver Anniversary Class!

### *Meet Your New Newsletter Team!*

We sure are excited to step in to this role and do our best to fill Barb's shoes. Here's a little bit about us:

**Tom Horton (23)** has been an on-and-off resident of Utah since childhood, and came back to Park City in 2015 after a period working overseas. In the fifth and current iteration of his career, he is a photographic artist and lives in the Prospector neighborhood of Park City.

**Pamela Graves-Longley (20)**, a Park City resident since 1998, works in the travel technology space and travels to just about every ski town imaginable doing so, further solidifying that there's no place like Park City! When not working, she can be found riding one of her horses, hiking with the dogs, and enjoying our amazing mountain lifestyle with her husband, Brendon (21).
